
This is a guide on where the people are in the episode's challenge. In print layout this should be "page 1", and anything below it are extra pages. This is why there is a gap. Please scroll down to see the actual script.

Nexell has been replaced with Mae because his voice actor is inactive and Mae hasn't got a role. Nexell has been erased from existence.

JellyGelly opens the door and walks into a room with Ruby

JellyGelly
Ruby? Are you seriously going to ignore me?

Ruby
Um… uh…

JellyGelly
Why haven’t you been calling me all these days? Do you think I’m a traitor?

Ruby
Uh… um… I-i-

JellyGelly
Answer me Ruby. Am I a traitor or not?

Ruby
Uhh… k-k-k-kinda?

JellyGelly
KINDA? KINDA?

Ruby
N-n-no! I mean yes! I mean-

JellyGelly
It seems like you do genuinely believe that I’m a traitor!

Ruby
No, Jelly, it’s not that! Ii…

JellyGelly pulls out the “red power”

JellyGelly
You know what, I might remove your power to host.

Ruby
You can’t do that!

JellyGelly

Yes I can Ruby. It’s too late for you.

Ruby
What! No! Stop! NONONONONO-

Jelly successfully takes control of the red power and “kills” Ruby.

Cue intro

Saucer walks up to Quwyatt.

Saucer
Hey Quwyatt!

Quwyatt
Hey Saucer!

Saucer
Do you know where Lizzy is? She was supposed to come back from Femboy Island a few weeks ago, but she’s not there! I’m starting to get worried.

Quwyatt
Uh, who’s Lizzy?

Saucer
What? The tiger girl with 15 blocks! You know her, she was black-and-orange, funny, and a cool Fanagram to be around!

Quwyatt
I’m confused, I’ve never heard of her. We’ve never even had a 15.

Saucer
Yes we did! Don’t you remember when you woke up Lizzy after sleeping on a rock, and then I said the iconic line: “There wasn’t always an inside to stay in, you know!”.

Quwyatt
I woke-up a clump of.. a clump of… uhh… thinking that she was… I mean it was… blegh my mind’s starting to get foggy.

Saucer
Maybe we should stop this Lizzy talk.

Quwyatt

Nah mate, I can go on. Remember when this tiger girl smashed a drum for a joke? That was so cool!

Saucer
That tiger girl was Lizzy.

Quwyatt
Oh, I must have had another false memory.

Quwyatt has a notification as he turns into Watchlet mode

Quwyatt
Ooh! A notif! What does it say?

Saucer
There is an invalid string in the recovery center. There is nobody named “NEXELL”. You must have misspelled the name of a 63-blocked Fanagram named “Nouxell Genshins”, who has been dead for centuriess on end.

Quwyatt
You’re right! I do not know who Nexell is.

Saucer
We should remove it!

Saucer enters the password, opens “Recovery Center”, clicks catalogue, and removes Nexell and Lizzy from there.

Saucer
And there.

Quwyatt
Yay!

Leo pops up from the top of the sky

Leo Seven
Hey guys!

Quwyatt and Saucer
Ahh!

Leo Seven
Don’t scream at me like that, ya rock-in-shoe twunk!

Quwyatt uses his finger to push Leo out of the screen

Quwyatt
And there.

Saucer
Wanna have fun doing pointless filler?
